

Colors of Nature summer academy

Do you love creating art?

Are you a girl who will be entering
6th, 7th or 8th grade next fall?

Apply for a two-week summer program, and let science be your inspiration. Explore the biology, physics, and nanotechnology behind the colors of nature while creating your own colorful masterpieces. The program is through the College of Natural Science and Mathematics at the University of Alaska Fairbanks. Applications are available at www.colorsofnature.org

June 3 - 14th, weekdays

9 a.m. to 4 p.m.

UAF Campus

\$25 registration fee

Academy is free

Application deadline:
March 31, 2013
